training result

應名宥

provided pretrain model
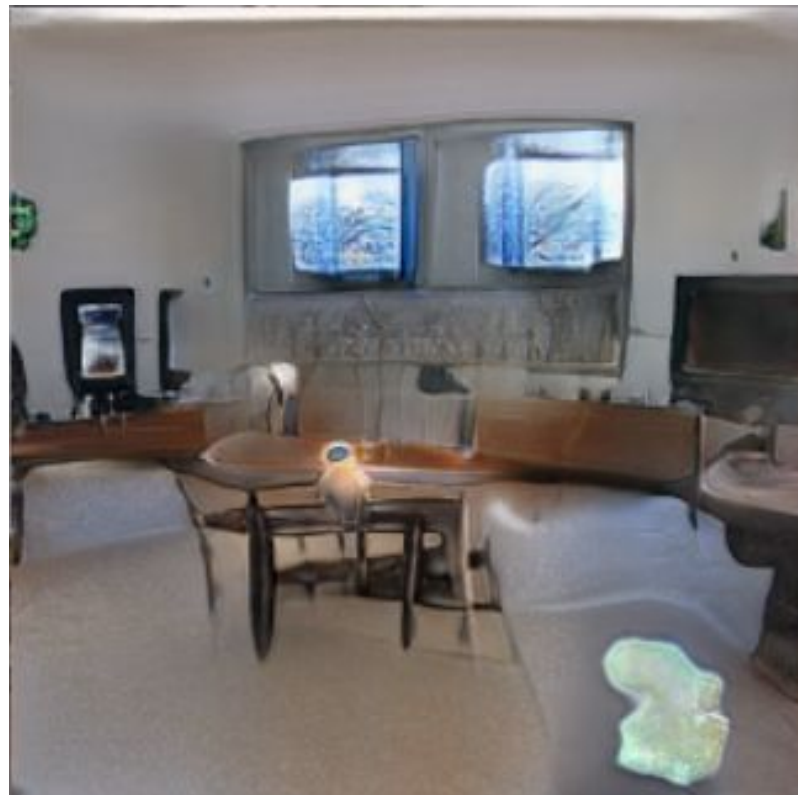

7.6% training step

A green train is coming down the tracks

provided pretrain model

7.6% training step

A living area with a television and a table

training result (real v.s 2300 kimg)

real image

2300 kimg (7.6%)

training result (1000 kimg v.s 1500 kimg)

1000 kimg (3%)

1500 kimg (4.5%)

some advice

- using same pretrain CLIP model in paper (compare)
- tune hyper-parameters from 1~50
- do not config ada to compare with previous methods fairly.
